Ofer's harissa yoghurt dip

Our Ofer is not only a co-founder of The Collective but also a super chef. The mere sight of food excites him, swayed by simple, clean flavours Ofer knows taste is everything.

Alrighty, you'll need:

- 7 big dollops* of Straight Up yoghurt
 - 1 tbsp. harissa paste
 - A bunch of mint leaves
 - A pinch of salt
- *dollop = 1 heaped tablespoon

Now you just need to:

1. Finely chop a small bunch of mint leaves.
2. Combine all the ingredients together...yep, it's that easy!

Ofer's tip: throw over some freshly chopped coriander leaves and top with a drizzle of good olive oil.
